
TMEIC to Exhibit at World Future Energy Summit 2017

– To Display Its PV Inverters for the Middle East Market –

Toshiba Mitsubishi-Electric Industrial Systems Corporation (hereinafter, “TMEIC”; President & CEO Masahiko Yamawaki) will exhibit at World Future Energy Summit 2017 organized by Reed Exhibitions Middle East, which will be held from January 16 through to January 19, 2017 in Abu Dhabi, United Arab Emirates (UAE).

At the upcoming exhibition, TMEIC will display panels for its products that include large-capacity PV inverters, SOLAR WARE™ series, Power Plant Controller and Energy Storage System.

The World Future Energy Summit is one of the most influential tradeshows in the Middle East dedicated to energy, infrastructure and the environment, in which approximately 600 companies from 32 countries from around the world will participate and more than 30,000 persons are expected to visit. TMEIC has participated in this tradeshow since 2014.

Please be sure to visit the TMEIC booth to learn more about our latest developments.
